

## GIFT CARDS

Vanguard ID Systems' GIFT CARDS are more durable than PVC cards. Our Teslin Gift Cards will not crack, break, fade or peel. They are waterproof and will last for years.

### *Professional Graphics, Vibrant Colors*

Vanguard ID Systems can create a custom design for your cards, or we can display your logo, colors and message.

### *Standard POS Equipment*

Gift cards are bar coded and/or encoded to your specifications. They can be used in any standard POS equipment.

### *Bar Coded Gift Cards*

Our cards have an excellent first time scan rate and consistent quality bar codes - guaranteed.

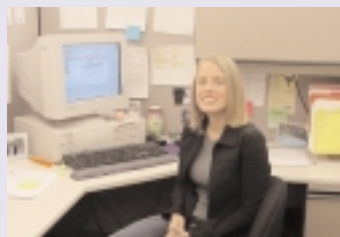

### *Magnetic Striped Gift Cards*

We factory encode our cards to your specifications. Cards can also be imaged with a matching bar code and human readable number at no additional cost.
